Welcome to the Blue Goat Cyber Monthly Pulse—your trusted source for navigating the rapidly evolving world of medical device cybersecurity.

📍 Valletta, Malta

MedTech Malta 2025

12 – 14 November 2025

Exciting Announcement:

Blue Goat Cyber Nominated for "MedTech Service Provider Excellence" Award of the Year at MedTech World Malta 2025.

VOTE FOR THE GOAT! Voting ends **October 31st.**

Cast your vote here: https://share-eu1.hsforms.com/13-RbKJs6SMKtx2-6rGPGKw2dl0pi

We're thrilled that this nomination reflects our unwavering commitment to advancing cybersecurity in healthcare and protecting patients' lives.

Being recognized among some of the brightest minds and forward-thinking organizations in the MedTech world is truly an honor. It validates our commitment to delivering excellence, innovation, and leadership in medical device cybersecurity.

We'd love your support! Public voting is officially open, and every vote brings us one step closer to amplifying the importance of cybersecurity in healthcare innovation. There is no requirement to attend MedTech World Malta, where winners will be announced. Just vote for Blue Goat. :) Thank you.

Blue Goat Cyber
in Action!

The Blue Goat Cyber Roadshow is in full motion.

Here's a look at Blue Goat Cyber in action:

October 5–8, Team Blue Goat Cyber attended AdvaMed's MedTech Conference in San Diego, California, which marked the 50th anniversary of AdvaMed. Global leaders, innovators, and policymakers gathered to shape the future of medical technology. We felt humbled to share insights on medical device cybersecurity, regulatory compliance, and patient safety. The conference was an inspiring exchange of ideas that continues to drive innovation, resilience, and collaboration across the MedTech industry. We thank the AdvaMed association for hosting yet another incredible event.

CTO Trevor Slattery, VP of Product Security & Risk Management Myles Kellerman, and Team Blue Goat Cyber attended **DeviceTalks West on October 15–16, at the Santa Clara, California.** The team connected with industry leaders to discuss cybersecurity requirements, global regulatory readiness, and submission strategies supporting patient safety. Thank you to the team at Device Talks for an inspiring event that brought together thought leaders in the healthcare industry.

The next stop was HLTH USA 2025, October 19-22 in Las Vegas Nevada, where our team connected with remarkable leaders and innovators driving the future of healthcare technology. With over 12,000 in attendance, the event showcased groundbreaking advancements in AI-driven solutions and digital health, highlighting the limitless potential of innovation. We will definitely be back next year.

Christian and Melissa Espinosa also recently joined MedTech leaders at the **MedTech Innovator Asia Pacific 2025 Showcase & Grand Finals in Singapore,** where innovation and collaboration were on full display **on October 28th.** They described the experience as a testament to how the MedTech community continues to push boundaries, united by a shared goal of advancing healthcare safely and securely. Thank you MedTech Innovator for such a fantastic event, and we also want to congratulate Australis Scientific for being the Grand Winner in 2025. Learn more here: MedTech Innovator APAC

Blue Goat Cyber
in Action!

CEO Christian and VP of Strategic Partnerships Melissa Espinosa have boots on the ground engaging with industry leaders at **the Singapore Week of Innovation & Technology (SWITCH) from October 29th–31st,** where they'll witness cutting-edge innovations that are driving advances in healthcare. Learn more here: SWITCH

Continuing the road show, Christian Espinosa and Melissa Espinosa will represent Blue Goat Cyber at **MedTech World Malta 2025, taking place November 12–14 in Valletta, Malta.** They'll join global MedTech leaders, innovators, and regulators to explore the evolving landscape of medical device cybersecurity, FDA compliance, and regulatory strategy. The conference is a dynamic platform for sharing insights and advancing collaboration across the international MedTech community. Stop by Booth G005 to connect with Christian and Melissa and learn how Blue Goat Cyber is helping organizations build secure, compliant, and resilient medical technologies. Learn more here: MedTech World Malta.

The final stop? Our CEO, Christian Espinosa, will speak at the **SHIMA Annual Conference & Expo,** taking place from **November 17-19 in Saudi Arabia,** where he will share his expertise on advancing healthcare cybersecurity and patient safety through standards-based innovation. Learn more and register here: SHIMA Conference

DON'T FORGET TO VOTE FOR THE GOAT!
